

ROD - ROD XL

design Piero Lissoni

Sofa, armchair and bench with supporting structure in lacquered drawn tubular steel, seat sprung with coated rubber elastic straps and polyurethane foam. Backrest and armrest structure in self-supporting decorative HPL panel. Covering in 100% polyether, thermally bonded onto a polyamide velveteen backing. Backrest and seat cushions in prewashed and sterilized goose down stitched into separate compartments with polyurethane foam insert. The seat cushions are quilted with buttons at sight or, on request, quilted without buttons.

Armrest cushions in polyurethane foam covered with prewashed and sterilized goose down stitched into separate compartments with a poplar plywood supporting panel fixed to the frame by plug-in hinges. Feet in AISI 304 Stainless Steel with polished or matt satin-finish or in steel with burnished, gunmetal gray or matt-black color painted steel, screwed to the base with a bushing and with adjustable black PVC tips. Fabric or leather upholstery, both fully removable by zippers and Velcro fastenings. Seat depth: 60–80cm.
