

JEFF

design **Gabriele**
e Oscar Buratti
2018

Il tavolo Jeff, design Oscar e Gabriele Buratti, segue la fascinazione della reazione tra superfici specchianti, un tema intrigante tipico di svariati percorsi artistici contemporanei tra minimalismo e massimalismo. Il piano slanciato in massello di castagno o nei legni della collezione appare sospeso sulle due basi centrali, la cui particolare geometria, una semicurva aperta, viene rifinita manualmente, innescando effetti di riflessione in continua mutazione. Il piano, realizzato in doghe selezionate di massello di castagno naturale, tinto moro, tinto nero, o nei legni della collezione si caratterizza per la particolare lavorazione del bordo rastremato che conferisce al piano, dallo spessore importante, grande leggerezza.

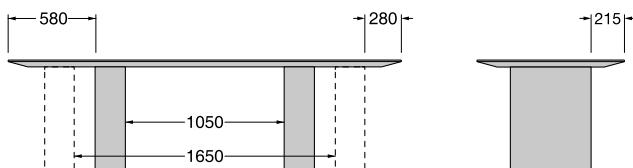

Jeff, the table designed by Oscar and Gabriele Buratti, plays with the fascinated reaction between mirrored surfaces: an intriguing theme which is typical of diverse contemporary artistic paths swaying between minimalism and maximalism. The streamlined solid chestnut top appears to be suspended on two metal central bases, whose particular geometry - an open semi-curve in blue pigmented glossy aluminum - is finished by hand, thus triggering ever changing reflection effects. The top, made of selected slats of natural or black stained solid chestnut, features the customized design of a tapered edge that gives extreme lightness to the very thick top.

DIMENSIONI

L. 2600

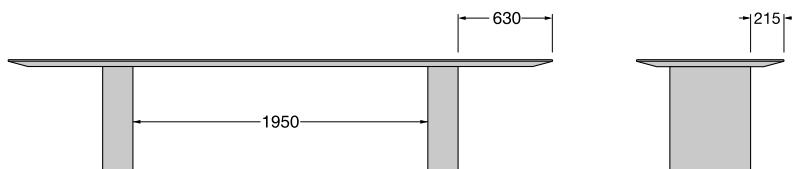

L. 3000

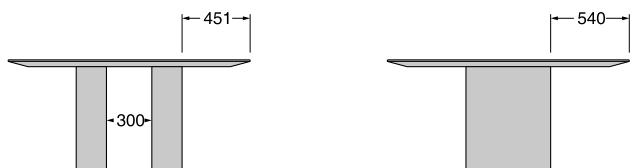

Per questa misura è possibile scegliere in fase di montaggio tra due posizioni per la gamba come da disegno.
For this measure two different leg positions are possible, as per design.

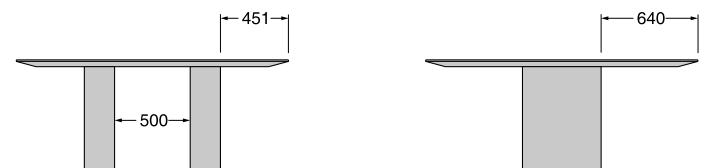

L. 3600

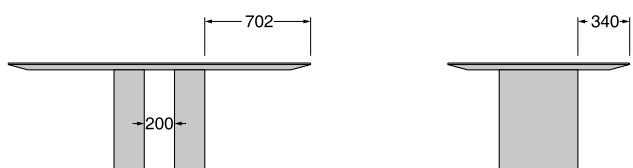

Ø. 1600

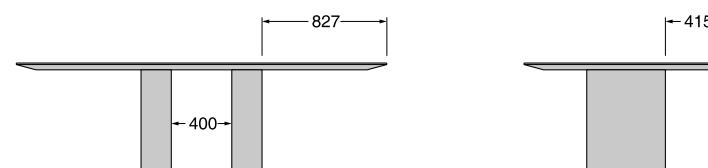

Ø. 1800

L. 2000 x P.1200

L. 2450 x P.1350

MATERIALI

Gambe

Stampo in Hyrek

Legs

Mold in Hyrek

Piano

Massello di castagno naturale, tinto moro
o tinto nero oppure in tranciato nei
legni della Collezione Porro

Top

Solid wood made of natural, dark brown
stained and black stained chestnut slats
or in one of the wood of the Porro
Collection
