

TRIDENTE

EMMANUEL GALLINA (2007)

DESCRIPTION

The goal of this series of coffee tables is to extol the wood with a modern shape and a traditional workmanship. This coffee table has tops and heights of different dimensions so that they can meet the different needs. The particular shape of the T structure comes from the function of insertion in the corner of a sofa. These coffee tables can live alone but can create as well a pleasant atmosphere when used together
